

P3DC5A4P

12VDC, 4 OUTPUT, 5 AMP PLUG IN POWER ADAPTOR

DESCRIPTION

The P3DC5A4P is a UL Listed, low cost simple solution for providing 12VDC at 5 Amps of power for CCTV cameras and other devices that require low voltage 12VDC.

Features

- 12VDC, 4 output, 5 Amps
- UL Listed
- Simple low cost solution
- Automatic voltage regulation for wide input voltage operation
- Stable regulated output voltage
- AC power cord included

SPECIFICATIONS

- Input: 120VAC – 240VAC
- Output; 12VDC, 5 Amps
- 4 Channel adjustable PTC protected outputs
- 1.1A Per Channel
- Short Circuit Protection
- Surge Protected
- Overload Protection
- Dimensions: 5.9”L x 2.4”W x 1.18”H
- Weight: 1 lb.
