

V20A18

V-SERIES - 12VDC, 18 OUT, 20A CCTV POWER SUPPLY

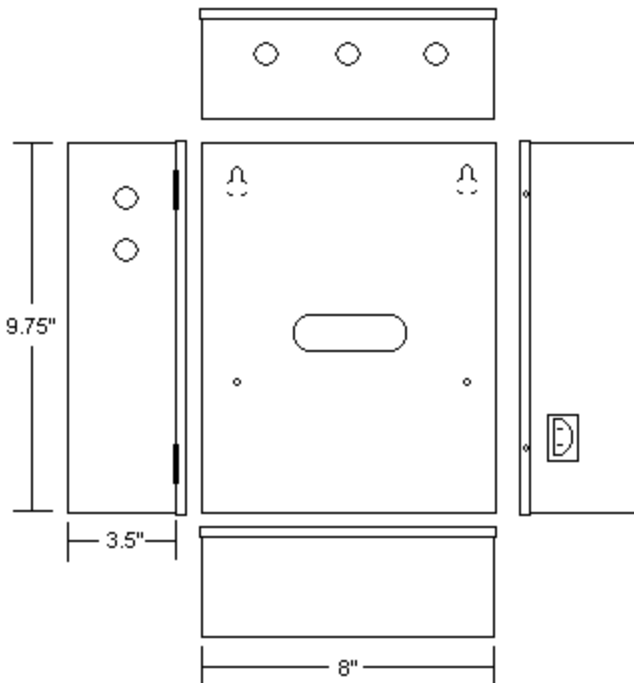

The V20A18 is a low cost, professional, UL Listed ITE-power supply. The V20A18 is engineered to provide power for remote CCTV cameras that require 12VDC power. The V20A18 is designed with eighteen (18) PTC protected, power limited outputs at 12VDC. 20 Amp total draw.

FEATURES

- Convenient screw terminal access
- Power ON/OFF switch
- Individual output LED indicates power is present (GREEN)
- Auto-resetting PTC protected outputs
- Short circuit and overload protection
- Light-weight, low profile enclosure
- Multiple 3/4" knock-outs
- Built-in cooling fan
- 6 ft. field installable grounded power cord for easy installation

SPECIFICATIONS

- Input: 120VAC, 60 HZ, 3A
- Output: 20A @ 12VDC - Electronically filtered and regulated
- Individual PTC rated at 1.11A
- Maximum operating temperature: 14 °F - 86 °F
- Ideal operating temperature: 70°
- For indoor use only
- Enclosure dimensions: 8"W x 9.75"H x 3.5" D
- Shipping weight: 5 lbs.
- Two year factory warranty
- Agency approvals
